

To whom it may concern,

Just a quick thank you for all the support you gave me for the conservatory that I purchased from you, the initial phone call and the information you gave me was superb. It was great to speak to someone that knew everything that I needed to know.

Richard the van driver helped unload all the packs and moved them to where I wanted them. The instructions were second to none and the quality was 100%. I was surprised how easy the roof was to put up!

We like the Prior Conservatories approach and are very happy with the way you dealt with the whole process.

I would certainly recommend you to others,

Warm wishes for 2007.

Yours faithfully
